

Curriculum Vitae

Personal Information

NAME	Elbert Jan Hermans
ADDRESS	JC van Epenstraat 72, Amsterdam
TELEPHONE	+31 (0)6 850 192 49
WEBSITE	www.gizmostudios.net
EMAIL	bert@gizmostudios.net
NATIONALITY	Dutch
DATE OF BIRTH	01.03.1987
GENDER	Male
DESIRED POSITION	Front-end developer, UX/UI designer

Work Experience

YEAR	2021 - 2022
CLIENT/ADDRESS	Musircle, London
TYPE OF BUSINESS	Tech Startup
POSITION	Frontend Developer, UX/UI Designer
DESCRIPTION	As a remote frontend developer I am building the front-end of a social music sharing platform. Weekly I get together with a team of (backend) developers and a product owner to discuss the design and development of the application.
DISCIPLINES & TECHNIQUES	React, Recoil, Tailwind, Apollo, Bulma
YEAR	2020 - 2021
EMPLOYER / ADDRESS	4net, Driebergen
TYPE OF BUSINESS	Digital Agency
POSITION	Frontend Developer
DESCRIPTION	As a remote frontend developer I worked on several digital products like the 4en5mei website and the UWV video content platform.
DISCIPLINES & TECHNIQUES	HTML5, CSHTML, PHP, Javascript (ES6), CSS3 (SCSS), Wordpress, Drupal
YEAR	2019 - 2020
CLIENT / ADDRESS	INNOU, Vienna

Curriculum Vitae

TYPE OF BUSINESS	Finance & digital entertainment
POSITION	CDO
DESCRIPTION	As a co-founder of this tech startup I lead a creative team in designing and building a multimedia platform. All transactions within the platform were done with crypto currency, and a mobile game was developed to explain users how it all works. All communication was done online since we had people working from different countries.
DISCIPLINES & TECHNIQUES	HTML5, Pug/Jade, Javascript (ES6), CSS (SCSS), Bulma, Digital Product Design, UX/UI design, Project Lead, Project Management, SCRUM Master, 2D Animation, 3D modelling, Illustration
YEAR	2018 - 2019
EMPLOYER / ADDRESS	QWIC, Amsterdam
TYPE OF BUSINESS	E-bike design & sales
POSITION	UX/UI designer, front-end developer
DESCRIPTION	I worked for the IT and R&D team, where I designed the mobile app to be used on their e-bikes, a dealer portal and bike configurator. For the IT team I would first create prototypes and after approval create the React components using stub data. The other developers could then integrate the styled components directly in the application. I also served as a SCRUM master for the IT team and demonstrated the progress to the rest of the company.
DISCIPLINES & TECHNIQUES	Sketch, Adobe XD, HTML5, Javascript (ES6), React, CSS (JSS), Digital Product Design, UX/UI design, SCRUM Master
YEAR	2017 - 2018
EMPLOYER / ADDRESS	Pioneers, Vienna
TYPE OF BUSINESS	Startup accelerator, event management
POSITION	UX/UI designer, front-end developer
DESCRIPTION	For this Viennese tech event manager I designed and helped develop a responsive event scheduling app. In a small IT team I introduced Agile workflow and built the front-end using React. During the event we would perform user tests to later improve the app.

Curriculum Vitae

DISCIPLINES & TECHNIQUES	Balsamiq Mockups, HTML5, Javascript (ES6), CSS (SCSS), React, Digital Product Design, UX/UI design, SCRUM Master
YEAR	2017
CLIENT / ADDRESS	Friede & Liebe
TYPE OF BUSINESS	Music event management, music performance
POSITION	Front-end developer, VJ
DESCRIPTION	Using web technologies I developed interactive visualizers to accompany the artists. The visuals would respond to the music real-time, and could be manipulated using a mobile web interface.
DISCIPLINES & TECHNIQUES	HTML5, Javascript (ES6), CSS (SCSS), Canvas, WebGL, Web Sockets
YEAR	2016
EMPLOYER / ADDRESS	Sproing Interactive, Vienna
TYPE OF BUSINESS	Video game developer
POSITION	UX/UI designer, front-end developer
DESCRIPTION	I designed and developed the UI for a desktop strategy game called Quarantine. During my time here I introduced Agile workflow to the company.
DISCIPLINES & TECHNIQUES	Balsamiq Mockups, HTML5, Javascript (ES5), CSS3 (SCSS), Handlebars, KnockoutJS
YEAR	2014 - 2016
EMPLOYER / ADDRESS	Travix, Amsterdam
TYPE OF BUSINESS	Travel
POSITION	Front-end developer
DESCRIPTION	In a multidisciplinary SCRUM team I worked as a React developer. I helped build the components for the flight booking websites and landing pages. I also worked on designing and developing a CMS for the content managers to create and update the landing pages.
DISCIPLINES & TECHNIQUES	HTML5, CSS3 (SCSS), AngularJS, React, NodeJS, Gulp, Continuous Delivery, GIT

Curriculum Vitae

YEAR 2012 - 2014
EMPLOYER / ADDRESS iQU, Haarlem
TYPE OF BUSINESS Video game publishing & advertisement
POSITION Front-end developer, graphic designer
DESCRIPTION I designed and developed landing pages for mobile free-to-play games and integrated ads with affiliate marketing platforms. I also designed a lot of marketing material.
DISCIPLINES & TECHNIQUES HTML5, CSS3 (SCSS), Javascript, jQuery, Photoshop, Affiliate Marketing Integration

YEAR 2010 - 2012
EMPLOYER / ADDRESS AEGON, Achmea, ABN Amro, Amsterdam
TYPE OF BUSINESS Insurance & Banking
POSITION UX/UI designer, front-end developer, DTP
DESCRIPTION I designed marketing material for AEGON, prototyped and designed the consumer portal for Achmea and developed in a SCRUM team the online banking portal for ABN Amro.
DISCIPLINES & TECHNIQUES HTML5, Javascript, CSS3, jQuery, Photoshop, Flash
